

ORMA

Orma is considered to be one of the most beautiful and traditional villages of Almopia. Orma is situated 15 km from Aridaia, it has around 700 inhabitants working in agriculture and tourism. Small rivers are running through the village and at the beautiful square you will find more than 100 years old plane trees that provide a cool climate despite the warm midsummer. The houses are traditional and the people of Orma are maintaining values, costumes and traditions that have their roots in ancient time. The area and the climate favors suitable conditions for growing cherries, peaches, grapes and other vegetables.

LOUTRA

Loutra is one of the most famous therapeutic spa resorts in Greece located near the village of Orma in picturesque surroundings at the foot of the Kaimaktsalan Mountains. Loutra is indeed a miracle of nature known for the thermal springs originated from the bowels of the earth, the many cascading waterfalls, rivers and the large swimmingpool. In the gorge of Loutra you can find a prehistoric cave with stalactites and stalagmites, the area has a rich wildlife, an unspoiled vegetation and offers a variety of activities such as climbing and hiking in the surrounding forest area.
